

Here’s our standard equipment setup. It’s what we use at wedding receptions, class reunions, company parties, anniversaries, etc. We deal with a company called “Pianos ‘n Stuff” located in Aspinwall, PA and, because of that, we can change our setup\* to suit your needs. We recently purchased a new mixer/board for backup (just to be safe). We also bought a fog/haze machine to add to the atmosphere at your event. (We will discuss it’s use with you BEFORE your event.) There are lots of things TCN Music can, and will, do to make sure your event is just right! (Ask us....you never know!)

<u>EQUIPMENT</u>
Numark CD Mix 2 (and backup)
335+ Compact Discs and counting (Over 3,000 songs)
Wireless microphone – Audio-Technica 602W
Hard-wired Microphone – Shure PG58XLR
2 JBL EON 15 G2 400 Watt Speakers**
2 Ultimate Tele-lock Speaker Stands
Ultimate light stand
Chauvet Nebula 250 Light
Mini-Gressor Light
Fazer (Fog/Haze machine)

\*: Please note that requesting extra equipment (any items not listed here) for your event ***will*** add to the cost that TCN Music charges. This extra charge will **ONLY** be for the additional equipment.

\*\* : Extra speakers may be necessary, depending on the size/location of your event, and an additional charge of \$100 will be assessed to provide the speakers, ***if needed***, for the event.
